Foreword/Zum Geleit	7	8.1.9. Rome, the Tiber	59
Preface	9	8.2. Boat mills with main hull and pontoon – Type 2	60
1. Introduction	11	8.2.1. Danube region	60
2. Waterpower	12	8.2.2. Váh and Hron, Tisza, Szamos and Maros . . .	71
3. The mill – laws, traditions and legends	17	8.2.3. Mura	75
4. Sources	20	8.2.4. Garonne and its tributaries	76
4.1. Critical interpretation of source material	20	8.2.5. Doubs, Saône and Rhône	78
4.2. Artefacts	20	8.2.6. Bosanska Gradiška, Sava	81
4.3. Pictures	21	8.2.7. Po and its tributaries	82
4.3.1. Town views	21	8.3. Boat mills on one hull with a waterwheel on both sides – Type 3	83
4.3.2. Topographical maps and plans	22	8.3.1. Middle Course of the Rhine and the Main	83
4.3.3. Technical drawings	25	8.3.2. Seine	86
4.3.4. Photographs	25	8.3.3. Lower Danube	88
4.4. Documentary sources – legal, historical, technical and literary	26	8.3.4. Other towns with single hulled boat mills	90
5. Known locations of boat mills in Europe	27	8.4. Other locations of boat mills of different construction	90
6. Historical and geographical classification of the boat mill	28	8.5. Boat mills with more than one waterwheel	91
6.1. Boat mills on the Rhine, Main, Mosel, Lahn, Nahe, IJssel, Maas and Waal	37	8.5.1. Boat mills with waterwheels in line	91
6.2. Boat mills on the Elbe	39	8.5.2. Boat mills with waterwheels in tandem	91
6.3. Boat mills on the Mulde	40	8.6. Conclusions on constructional designs	94
6.4. Danube mills	41	8.6.1. Summary of Type 1	94
6.5. Boat mills on the Rhône, Saône and Doubs	43	8.6.2. Summary of Type 2	94
7. Environmental conditions contributing to the introduction of boat mills and to different types of construction	45	8.6.3. Summary of Type 3	96
8. Typology of boat mills in various parts of Europe	47	9. A comparison with previous typological tables	98
8.1. Boat mills with main hull and pontoon – Type 1	48	9.1. One hull with one wheel	98
8.1.1. Elbe and Mulde	48	9.2. One hull with two wheels	100
8.1.2. Weser region	51	9.3. Boat mills with a waterwheel behind the main hull	100
8.1.3. Lower and Middle Rhine and Maas	52	9.4. Double-hulled mills	100
8.1.4. Upper Rhine, Aare and Reuss	54	9.5. Main hull and pontoon	103
8.1.5. Loire	56	9.6. Exceptional type with several main hulls or pontoons	103
8.1.6. Morava	57	9.7. Type with three boats	103
8.1.7. Olt	57	10. Components and mooring of boat mills	103
8.1.8. Adige	58	10.1. Mooring	103
		10.2. The boats themselves	110
		10.2.1. Dug-outs as hulls for boat mills	118

10.2.2.	Tenders	120	15.6.	Computerised reconstruction of a boat mill at Ginsheim, Germany	200
10.3.	The mill house	120	15.7.	Reconstructed boat mill as a mobile museum at Bern, Zürich and Basel	201
10.4.	Waterwheel and gearing	122	15.8.	The boat mills on the Mura	201
10.4.1.	Waterwheel and wheel shaft	122	15.8.1.	Reconstruction of a boat mill at Ižakovci, Slovenia	203
10.4.2.	Gears	129	15.8.2.	Reconstruction of a boat mill at Mureck, Austria	203
10.4.3.	Sluices	131	15.9.	Reconstruction of a single-hulled boat mill at Cahors, France	203
11.	Other materials processed on boat mills	133	15.10.	Reconstructed boat mill at Makrešane, Serbia	203
12.	Accidents involving boat mills	134	15.11.	Reconstruction of the boat mill of Radvaň nad Dunajom at Kolárovo, Slovakia	204
13.	Archaeological finds	141	16.	Zusammenfassung	205
13.1.	Boat mill at Gimbsheim	141	17.	Résumé	209
13.2.	The Mandelsloh "dug-out" – the pontoon of a boat mill on the Leine	144	Gazetteer: introduction	213	
13.3.	Wooden construction on the river Leine – a winter harbour?	155	Gazetteer A to Z	214	
13.4.	River finds in the Rhine near Bonn	156	Maps		
13.5.	Millstone finds in the Rhine near Mainz	158	Map I	336	
13.6.	Millstones and gear wheels of Saône boat mills	161	Map II	337	
13.6.1.	Stone anchor with iron ring	161	Map III	338	
13.6.2.	Millstone 1	163	List of places and map numbers – numerical	339	
13.6.3.	Millstone 2	163	List of places and map numbers – alphabetical	344	
13.6.4.	Two disks from lantern pinions	168	Sources	349	
13.7.	Boat found at Tiszabecs	171	Bibliography	350	
13.8.	Dug-out found in the Szamos	172	Acknowledgements	365	
13.9.	Rynd and Hammer found in the Danube at Visegrád	172	Acknowledgements of cover illustrations and author address	367	
14.	Preserved boat mills	176			
14.1.	The boat mill of Bad Döben on the Mulde	176			
14.2.	The boat mill at Ráckeve on the Danube	178			
14.3.	The four boat mills of Kukljin, Serbia	181			
14.4.	The boat mill of Bogojevo on the Danube	188			
14.5.	The boat mill of Janja, Serbia	188			
14.6.	The boat mill of Lucăcești, Maramureș district, Romania	188			
14.7.	The boat mill of Munteni, Vâlcea district, Romania	190			
14.8.	The boat mill of Zemné, Slovakia	193			
14.9.	The boat mill of Veržej on the Mura, Slovenia	195			
14.10.	The boat mill of Lendava on the Mura, Slovenia	195			
14.11.	The boat mill of Petišovci on the Mura, Slovenia	196			
15.	Reconstructed boat mills with a new function	196			
15.1.	Reconstructed Minden boat mill, Germany	196			
15.2.	Reconstructed Danube mill of Orth, Austria	196			
15.3.	Reconstruction of the Ráckeve boat mill at Gifhorn, Germany	199
